## FOOD CONTROL BILL PROSPECTS BRIGHTER

### House Rejects Amendments Which Promised to Delay Final Action

#### SENATORS COMPROMISE

Leaders Plan To Let General Debate Drift Along, Probably Until House Acts

#### CAN COMMAND PRICE

WASHINGTON, June 21.—Prospect for passage of the administration food control bill by July 1, as desired by President Wilson appeared brighter tonight after the house had rejected amendments which promised to delay final action and senators had tentatively agreed to compromises designed to expedite consideration. Rejection in the house on a point of order of proposals to include shoes, clothing, farm machinery and cotton under the regulatory food provisions cleared the way to passage to such an extent that a final vote is expected on Saturday. Prohibition proposals and Lenroot's amendment to strike out the licensing feature of the bill constitute the only apparent obstacles to a final vote at the time. While perfunctory debate was proceeding in the senate, substantial progress toward compromising differences was made by leaders at formal conferences. The changes tentatively agreed to included:

Changes Tentatively Agreed To  
"Elimination of the section authorizing the food administrator to requisition factories, mines and other plants when he finds it necessary."  
"Elimination of provisions authorizing fixing of wages, including those of farm laborers."  
"Elimination of specific authorization to regulate consumption by rationing or control of individual meals."

"Exception of food stuffs stored by producers from the anti-hoarding penalties."

"Provision for control of food-stuff purchases in this country to prevent competition in buying between the allies and the United States; and"

"Further provisions to prevent hoarding or speculation in food-stuffs."

With these tentative agreements, senators believed the chaotic condition in the senate is clearing. Leaders plan to let general debate drift along, probably until next week after the house passes the bill. Senator Reed plans to speak virtually all day tomorrow in opposition to the bill and a dozen other senators are preparing speeches. Much of the time today was taken up by Senator Sherman in an attack on the administration. Representative Gillett told the house today that when he first read the bills he was staggered by its provisions.

**Hoarders Can Command Price**  
"I belonged to the school that has believed in the law of supply and demand and will not meet these situations. The demand is far greater than the supply and the demand will continue. Hoarders can command any price they please. There is a new situation to which my old beliefs do not apply."

Representative Haugen of Iowa, and former Speaker Cannon, led the fight for the inclusion of shoes, clothing, farm machinery and cotton in the list of controllable articles. An attempt by Representative Scott of Iowa to inject a gasoline and fuel oil amendment into the bill failed, but Representative Lever said one would be put in later.

#### STATES SOCIALIST PARTY IN U. S. NEUTRAL

STOCKHOLM, June 20.—Dr. Max Goldfarb, one of the American Socialists who have arrived here declared in a report submitted to the Dutch-Scandinavian committee that the American Socialist party is strictly neutral. His report says: "Altho the United States is already in the war I can say that the position of the American Socialist party as a whole is strictly neutral and thoroughly international."

The report calls for the creation of a permanent Socialist committee whose sole purpose would be to work for a permanent peace. A second recommendation deals with the composition of the congress which will be called upon to settle the issues of the present struggle and demands a "congress of representatives of the nation's and not of the governments."

#### DECORATE PRINCE UDINE

Rome, June 21.—Prince Udine, head of the Italian mission to the United States has been decorated with the silver medal for valor for work done as commander of a destroyer during 14 months and for an important mission carried out on the coast of the enemy. The announcement says that the prince is decorated for combative and naval skill and elevated gifts of character, giving a constant example of military value.

## STATES AMERICA IN WAR TROUBLES BERLIN

### French Secretary Gives Interview to Associated Press Man

Asserts Feeling of Serious Unrest Was Caused in Germany by Entry Into Struggle of U. S.—Germany Feels Americans will not Give Up.

Paris, June 21.—Jules Cambon, general secretary of the ministry of foreign affairs, declared that the entrance of American into the war had caused serious unrest in Germany in the course of an interview with a correspondent of The Associated Press today. He said:

"Desired to Reply to Reception. 'In the hearts of French people, who welcomed General Pershing, there was first of all the desire to reply to the enthusiastic reception which the American people gave the French delegates but there was also something else equally important. A feeling of serious unrest was caused in Germany by the entry into the struggle of a country which brings to the allies, together with its entire strength, a freshness and ardor which have not been diminished by three years of war. Germany feels that the Americans once engaged in the struggle, will not give up. It is to prevent this cementing of close ties that it is multiplying its efforts, to spread dissension among the allies."

"The incident of the Swiss Socialist Grimm's intrigue in Russia reveals Germany's handwork and is one of the straws showing how uneasy and troubled Berlin is because of America. 'In France everyone realizes that his uneasiness and fear are justified."

In regard to the publication of the peace program of the German majority Socialists at Stockholm, M. Cambon said:

**Proves Aims Coincide.**

"It proves that their aims coincide with those of their government, especially on the Alsatian question, which is to be the big question when negotiations begin. The American public must know that all our questions, such as those concerning economic, colonial, maritime, indemnity and Belgian matters must yield before it and according to its solution posterity will know who triumphed."

M. Cambon then refuted the claim that Alsace-Lorraine was originally German territory which was wrested away by the French. Referring to President Wilson's flag day address the foreign secretary said that it was a great secret in France because of the precise of the president's declaration, the loftiness of his viewpoint and the moderation with which he expressed his war aims. "Many Frenchmen," he continued, "count on President Wilson to maintain the moral character of the war and interpret for the allies the high ideal which animates all."

#### FIND ENTIRE FAMILY DEAD IN IOWA HOME

TOLEDO, Ia., June 21.—The entire family consisting of Mrs. Joseph Ludicke, her two sons, James and Albert, and daughter Helen were found dead shortly before noon today at the Ludicke farm, eight miles northeast of Toledo by Joe Buresh, a son-in-law of Mrs. Ludicke.

A rifle shot had been fired thru the head of each. The weapon a .22 calibre target rifle was found beside the body of Albert Ludicke, the eldest of dead sons, 21 years old, who it is believed, was responsible for the snuffing out of the four lives. So strongly does the case point to a triple murder and suicide by the youth, while temporarily insane that Coroner Thomas of Tama county, after learning the circumstances late this afternoon decided that no inquest would be necessary.

Albert Ludicke's body was lying on the kitchen floor while his brother and sister were found in their beds upstairs, and the mother in her bedroom adjoining the kitchen.

Judging from the condition of the bodies the tragedy was enacted some time last night.

#### DECIDES MADE LAND BELONGS TO OWNERS

CHICAGO, June 21.—Made land along the shores of Lake Michigan resulting from piers or breakwaters built by the public belongs to the owner of the land to which it accretes and not to the state or city. This was the decision of the supreme court at Springfield today in holding that Wesley Knox and others were the rightful owners of land along their property in Evanston.

In the decision the court established the precedent that land which accretes as the result of public improvement is the same as land made by an act of nature and that it belongs to the riparian owner and not to the state, holding that the property belongs to Knox and others because it was gained thru no act of theirs but by the act of the city.

#### PLEDGE SUPPORT TO HOOVER

Chicago, June 21.—A resolution pledging to Herbert C. Hoover, federal food commissioner, the support of the National Grocers' association in his work of food conservation was adopted at the organization's convention here today. Oscar B. McGlasson, chairman of the federal trade committee said the wholesale grocers would do their share without compulsory laws.

#### FIND STUDENTS GUILTY

New York, June 21.—The jury in the case of Owen Cattell and Charles P. Phillips, former Columbia University students charged with conspiring to obstruct the operation of the selective draft law returned a verdict of guilty in federal district court tonight.

## UNITED SPANISH WAR VETERANS OPEN MEET

STREATOR, Ill., June 21.—The United Spanish War veterans of the department of Illinois and the woman's auxiliary opened a three days session here today. George Lee, commander of the veteran association, now attached to the aviation corps in Chicago and Mrs. Wilhelmina Borgmeier of Chicago, president of the auxiliary responded to welcome speeches by city officials.

Mrs. Borgmeier was presented with a diamond lavaller by the Chicago societies.

## PRaise BRAVERY OF AMERICAN SAILORS

### British Merchant Crew Pays Tribute To American Tars

"We Owe Our Escape from a Watery Grave to the Bravery of Your Men" Is Parting Word of Second Officer of British Ship to American Commander.

Base of the American Flotilla in British Waters, Wednesday, June 20.—By the Associated Press—"We owe our escape from a watery grave to the bravery of your men," was the parting word of the second officer of a rescued British merchant crew to the commanding officer of an American destroyer which arrived here this morning with the survivors.

#### Lands One Boat Load.

The destroyer was able to land one boat load of 19 men. A second boat containing 18 men is missing and it is feared has been lost. Six members of the engine room crew were killed when a torpedo struck the ship without warning several

#### WILSON DINES MISSION

WASHINGTON, June 21.—Russia's consecration to a war to the end with German autocracy was avowed today by special Ambassador Boris A. Bakhmetieff, head of the Russian mission here in a statement to the American people. Only thru victory he said can a stable world peace and the fruits of the Russian revolution be secured.

"The Russian people thoroly understand and are fully convinced," said Mr. Bakhmetieff, "that it is absolutely necessary to root out the autocratic principles which underlie

## INSTRUCTS BOARDS TO REGISTER MEN

SPRINGFIELD, Ill., June 21.—Adjutant General Dickson tonight sent out orders to the registration boards in every county in the state instructing them to register all men in the state who failed to register on Tuesday, June 5. Registration will continue General Dickson says until further orders from the war department at Washington.

The purpose of the order, General Dickson explained, was to give all persons who found it impossible to register June 5 a chance to escape prosecution.

## COMMITTEE VOTES TO RAISE POSTAGE RATES

Would Increase Second Class to One and One-quarter Cents

Senate Body Also Would Levy Five Percent on Publishers' Net Profits Over \$4,000—Expect Moves to Bring in \$12,000,000 Annually.

Washington, June 21.—The senate finance committee late today took what the members expect to be final action on publishers' taxes in the war revenue bill adopting by a vote of 8 to 6 an increase of one quarter of a cent a pound on second class postage rates, and an additional levy of five percent on publishers' net profits over \$4,000.

#### Expect Revenues of \$12,000,000.

Revenues of \$3,000,000 annually from the increase in postage to 1 1/4c a pound, which most publishers have vigorously opposed and about \$9,000,000 from the profits tax are expected. The increase in postage rates would apply to publishers of newspapers, magazines and all other per-

## EXPECT LOWDEN TO SIGN PRIVATE BANKING BILL

### Brundage Reports Measure Is In Legal Form

Attorney General Will Withhold Approval of Bill To Give City Councils Power to Establish and Maintain Municipal Lodging Houses and Gardens.

Springfield, Ill., June 21.—The private banking bill passed by the fifth general assembly proposing that all private banks in Illinois incorporate by January 1, 1921, is in legal form. Attorney General Brundage reported to Governor Lowden today. The governor is expected to sign it without delay.

#### Will Withhold Approval.

In a report to be made tomorrow, the attorney general, he stated tonight, will withhold approval of house bill 828 introduced by Representative Maher which would give city councils the power to establish and maintain municipal lodging houses and gardens.

Governor Lowden tonight had affixed his signature to ten senate bills and designated one which will become a law without being signed. The latter is Senator Austin's bill providing for the appointment by the adjutant general of a person whose duty it would be to discover and mark the graves of United States soldiers and sailors in Illinois. For this purpose \$10,000 is appropriated.

#### Bills Signed By Governor.

Bills signed by the governor today follow:

S. B. 837 (Curtis) Appropriating \$750,000 for expenses of National Guard or Naval Militia that may hereafter be embodied.

S. B. 47 (Hewitt) Amending section 11 of an act to regulate county fire insurance companies."

S. B. 357 (Buck) Amending section 8 and section 12 of "An act to revise the law in relation to township insurance companies."

S. B. 129 (Barbour) Making it a misdemeanor for any person to present or participate in an obscene or immoral drama, play or exhibition or as owner or manager of any place to permit such.

S. B. 157 (Dailey) Providing that where highway commissioners deny petitions involving the alteration or construction of public roads, any three of the petitioners may appeal to the county superintendent of highways.

S. B. 336 (Hull) Providing that county recorders may close their offices on days or half days that are legal holidays as regards the presentation of payment of the acting maturity, etc., of bills of exchange bank checks, etc., and shall receive fees when provision is made therefore.

S. B. 340 (Pervier) Providing that every person or firm selling or exposing for sale any white lead shall accurately label the same.

S. B. 212 and S. B. 413 (Hewitt) Providing for the licensing, etc., of stallions.

## BAKERS TO SUPPORT PATRIOTIC MEASURES

Chicago Men Pledge Themselves to Discontinue Practice of Taking Back Unsold Bread from Retailers.

Chicago, June 21.—Representatives of bakers who produce ninety five percent of the bread sold in Chicago today pledged themselves to give unwavering support to all patriotic measures ordered or recommended by the council of national defense, and pledged themselves specifically to discontinue after July 19 the practice of taking back unsold bread from retailers. This one move it was estimated by the state council of defense, would save about 4 per cent of the bread now sold in Chicago by compelling closer buying and eliminating waste in labor and materials.

Samuel Insull, chairman of the state council, explained the purpose of the request.

"It is plain to any business man," he said, "that if 150 loaves are baked and delivered when only 100 are sold, there is a waste of material, of machinery and labor."

The meeting of the bakers was called by the council of defense was called hastily at the suggestion of the war agency council and the baking industry which was meeting here considering war measures. George J. Ward of New York explained that an effort would be made to get universal agreement to the suggestion.

"The whole country has been divided into districts and local committees are named. Every baker will be asked to sign the pledge," he said.

## BELIEVES U-BOATS WILL FORCE NAVAL BATTLE

COPENHAGEN, June 21.—The steady continuance of the submarine campaign, despite the decrease in destroyed tonnage admitted in the admiralty reports, for May, will, in the opinion of Captain Kuehweiter, the naval expert to the Berlin Lokai Anzeiger, ultimately force a general naval battle between the British and German fleets as the only means of ending the submarine menace.

Captain Kuehweiter blames the good weather for the falling off in the number of submarine victims. He argues that the weather permits small submarine chasers to venture further to sea, shoot better, and sight periscopes easier.

## TWO WORKMEN KILLED

South Haven, N. J., June 21.—Two men were killed and eleven hurt today when a Pennsylvania railroad train crashed into a bus filled with workmen on their way to the E. I. DuPont de Nemours works at Parlin.

## ADMIRAL POTTER DIES

White Hall, N. Y., June 21.—Rear Admiral William P. Potter, U. S. N., retired, died suddenly at his home here today from apoplexy.

## FRENCH FORCES REGAIN GROUND

### Drive Germans Out of Captured Trenches in Violent Counter Offensive

#### GERMANS LOSE HEAVILY

Crown Prince Badly Battered

in Champagne Between Monts Carnillet and Blond

#### LEAVE DEAD ON FIELD

#### BULLETIN

AN ATLANTIC PORT, June 21.—That a large number of Germans from a sea raider, either sunk or captured at sea, were brought into an American port today by a British steamer ashore by a government agent tonight. He declined to divulge any details and confirmation of the report was lacking tonight.

WASHINGTON, June 21.—The navy department was unable late tonight to confirm the report of the raider's capture. Officials declared that no report on the affair had been received here.

The big German offensive against the French line east of Vauxillon on Monday in which trenches were stormed and captured has gone almost for naught, for the French forces in a violent counter-offensive had regained nearly all their last ground on Tuesday night.

Altho the German crown prince had launched his attack with huge effectiveness, composed of picked troops and covered it by a heavy artillery fire and by bomb-dropping aircraft, his tenure of the captured positions was short-lived and only a salient 400 meters northeast of the Moisy farm now remain in his hands. In addition heavy casualties were inflicted on the Germans who left many dead on the field of battle.

#### French Push Germans Back.

Likewise in the Champagne the crown prince has been badly battered between Mont Carnillet and Mont Blond. In an attempt to recapture positions previously taken from them, the Germans first were repulsed by the French who then assumed the offensive and advanced their line on a front of more than 600 yards and to a depth in excess of 300 yards. Here also the Germans lost heavily in men killed or wounded.

Comparative calm prevails on the front in France held by the British forces under Field Marshal Haig. Artillery duels are in progress on various sectors in Belgium, especially near Dixmude and Pypergaale.

In the Russian theater according to the Berlin war office the artillery of the Russians and Austro-Germans has increased in activity in Volynia and Galicia. At several points the Russians have attempted to carry out raids against the Teutonic fronts, but are said to have been repulsed everywhere.

#### Little News from Trentino.

Little news explanatory of the real situation on the Trentino front in the Austro-Italian sector has been received, but official reports say that the battle, which is of great proportions, extends along the entire front from the Sganage valley to the Asiago plateau. It is in this region that the Italians are endeavoring to break thru the Austrian line to one of their main objectives—Trent.

There is also little information coming thru concerning the operations in Macedonia, except that artillery duels are in progress on various sectors and that there have been local engagements between the Bulgarian and British in the Struma valley.

Daily the situation in Russia seems to grow brighter. Unofficial advices from Petrograd say that the congress of soldiers and workmen's delegates of all Russia have voted confidence in the provisional government and gone on record as demanding a re-organization of army and an immediate re-commencement of hostilities against the Teutonic allies.

### THE RED CROSS.

The president of the United States is the president of the American Branch of the Red Cross society.

It is entirely non-sectarian—recognizing all churches and creeds as aids to the public welfare.

It is absolutely non-partisan—only Americanism and loyalty being necessary.

It recognizes no boundary lines—its purpose being to give aid in times of war or of public calamity from whatever cause.

While, primarily the present directs attention to our own needs, and to the men who go out to fight for our own country, yet the Red Cross is dedicated to the relief of suffering people of every country. No race differences, no religious differences, no political differences enter into it. To aid the distressed, even though they be our enemies, if thrown in our territory, is the duty of the Red Cross.

Under the laws all parties are prohibited from using the Red Cross emblem for purely commercial purposes. It cannot divide proceeds of an entertainment advertised as a Red Cross benefit—the Red Cross stands alone.

All persons, except nurses who have passed an examination and been admitted, are prohibited from wearing the nurses cap—white, with a Red Cross. For this reason young lady solicitors in the campaign here will wear a blue cap with the Red Cross emblem.

The Red Cross society needs your dollar, but it needs YOU, your sympathy, your work, your influence still more.

### PATRIOTIC POSTMEN.

In Quincy the postmen have authority of the postoffice department to collect subscriptions and give receipts for Red Cross membership. They are going to push the good work among the people on their mail routes. There are not more loyal citizens in Jacksonville than the mail carriers. Perhaps they will help out with this good work here.

### THE RAILWAY INCREASE.

There has been so much publicity in the papers about the liberty loan and the Red Cross work that the public has almost forgotten about the railway application for 15 per cent freight increase now pending before the interstate commerce commission. However, this is a matter in which the public is vastly interested. Those who have followed the testimony at the hearing are predicting that the commission will allow about 12 per cent increase. These persons believe that an increase is justified by the higher expenses the roads are compelled to meet and also by the fact that railroad efficiency is demanded in the present acute situation.

### HOLDING DOWN STATE EXPENSES.

Altho the general assembly cut off several millions of the proposed appropriation because of the insistence of Governor Lowden, it is expected that the governor will cut still further into some of the appropriations in appropriations made by the fifth assembly, by comparison with the forty-ninth assembly, was a little over \$3,000,000. This is counted as an excellent record when the exceptional expenses which the state is now meeting are recalled, and further, when it is remembered that the assembly of 1915-16 exceeded in its appropriations the record of the 1913-14 assembly by nearly \$10,000,000.

### THE WHITE SLAVE TRAFFIC.

In New York the finding of a body of a young girl who disappeared several months ago started an investigation proving that the white slave trade is flourishing in the eastern metropolis. Seven or eight hundred girls have been reported missing from New York homes in the past six months, and 115 have dropped out of sight within thirty days. These figures are startling, indeed. The trouble is that semi-occasionally the authorities in the big cities have spasms about the white slave traffic and then their interest—or at least their efficiency—seems to lag. It is certainly time that either federal, state or city authorities find the means for completely wiping out this traffic which disgraces U. S. civilization.

### DOWN GO GRAIN PRICES.

Grain markets are slumping off very rapidly in these days. This may be the result of that old and forceful law of supply and demand, or it may be because of the pos-

sibility of price regulation by the government, but somehow we cannot help thinking that the big grain buyers are having the most influence in this downward tendency. A few days ago the elevators were offering farmers \$2.10 per bushel for wheat delivered at threshing time, and now the best offer they can make based on present market conditions, is \$1.85. There are indications too, that the prices will go still lower and some well informed men are predicting that \$1.50 is about the price which will prevail when most of the wheat in this section is being threshed.

An inspection of prices paid for wheat in July and August during a period of years will show the market then at about its lowest point. After the wheat is largely out of the farmers' hands then the prices begin to go upward, and so the indications this year point to the same condition of affairs. One thing is sure, it will be a great deal more difficult for the government to control wheat prices and distribution after it is in the hands of the big grain dealers and packers than would be true while the wheat is held by the farmers. With the vast number of farmers engaged in the grain business it is impossible to effect any combination for boosting prices, but with the grain in the hands of a few—that is an entirely different matter.

### COLOSSAL FIGURES.

(From the Seattle Post-Intelligencer)  
As bearing upon our own preparation for war, a late report of Gen. Sir William Robertson, chief of staff of the British army, sets a mark for what we may be called upon to accomplish in behalf of the United States. Within six weeks, writes Gen. Robertson, the British army alone has expended 200,000 tons of ammunition in France; in the repair of roads, 50,000 tons of stone have been used on the highways behind the lines.

The war is running into colossal figures in every department. The British war council has made a comparison showing that 7,000,000 soldiers have been killed; the total of the casualties in all the armies engaged, including killed, wounded and missing, is 45,000,000 or nearly one-half the population of the United States. England has increased her army from 150,000 men to more than 5,000,000 men; the navy men have been increased from 150,000 to 500,000. There are 2,500,000 men and 1,000,000 women working under the direction of the British ministry of munitions.

During the first two years of the war England moved across the channel, back and forth 8,000,000 men, 40,000,000 tons of explosives, 50,000,000 gallons of gasoline and 1,000,000 sick and wounded men, without any losses due to enemy attacks.

The British figures indicate that the war is not between armies alone, but between whole nations of people. In the British empire, says Gen. Robertson, there is no man or woman who is not doing something, either to win or lose the war. The people of the United States have yet to appreciate the insistent obligation of every citizen to exert his or her full influence for America.

### WASTING AT THE SPOUT.

The Bache Review in referring to government proposal to exempt small checks from the stamp tax, in the revenue bill suggests that this is wasting at the "spout." The Review says:

"One example of an opposite course being pursued is the proposition in the War Revenue bill to exempt checks under \$5 from a 2c. Federal stamp tax. The House refused to place a stamp tax on checks for a political reason, so it is said—namely, that a great many checks were used in the South, and this particular part of the country is, under the present Administration, treated with special consideration. The Senate Finance Committee, however, believing that the stamp tax on checks was a peculiarly appropriate and economic method of raising revenue in war times, concluded to adopt it. Then the plea for the South was again heard, and as a concession and because it was argued that the South used a great many small checks, the Committee adopted the exemption from tax of checks under \$5.

"While the Third Assistant Postmaster General is trying to inculcate economy in infinitesimal proportions, Congress will be throwing upon the country, if this proposal is adopted, a vast amount of extra labor.

"This exemption would entail an enormous amount of work upon the payer in separating the small checks from the larger ones, and the tax would automatically increase the use of small checks. This would in turn add increasingly and materially to the labor involved in scrutinizing and separating small checks.

"Further, in order accurately to follow the law, it will be necessary for concerns using large numbers of checks, to have two separate check books—one for large and one for small checks; otherwise in order to be sure not to break the law, these concerns would have to stamp up all checks and so lose a not inconsiderable amount of money.

"All these little things are of no moment to Congressmen, who are indifferent to the burdens placed upon business, but they nevertheless should prevail. The method proposed is unscientific, unphilosophical and uneconomic."

### TRUST THE EXEMPTION BOARD.

By Ethel Watts Mumford of the Vigilantes.

Trust the Exemption Board. It is there to take care of your case, whatever it may be. "Selective Draft" does not mean the mere selection of the physically fit, the weeding out of the ablest for war service. It means for the first time in history, common sense and knowledge of our common needs will be brought to bear in conscription.

The land must not lose its labor-

ers, the factory must not lose its skilled mechanic in such numbers that its output will be crippled. The home must not be depleted, dependents must not become public charges. Trust the Board of Exemption. While they are thinking of the individual, they are also thinking of the country at large. There will be many an ardent lad bitterly disappointed because he will be bidden to stay behind while others go to the front, but he will know and understand the reason. He is best serving his country by remaining. The war means Service For All. To each his allotted place. Wisdom must direct whether we shall go or stay. It is for us to accept the place allotted and do with all our might that task we are adjudged. America expects today everyone to do his duty. Duty has many forms, loyal to but one. Be loyal to your duty.

### Rippling Rhymes By WALT MASON

#### THE FOOLKILLER.

In olden times I plied my trade as lightly as my neighbors; but when the motor car was made, it multiplied my labors. I have no moments for repose, I'm always up and doing, where'er the motor traffic goes, I'm wearily pursuing. I chase the speed fans east and west, their diphtherias I sever; oh, some may sleep and some may rest, but I toil on forever. I chase, until I strain my thews, the red-eyed loosed voter, who primes himself with beer or booze, and tries to run a motor. He dodges me, perhaps, for years, Dame Fortune seems to pet him, and still he mixes gas and beers, but in the end I get him. I pause to see him planted deep, then take up my endeavor; oh, some may rest and some may sleep, but I toil on forever. When youths and maidens swipe a car, and joyride o'er the prairie, I hate like everything to mar their plans so bright and merry. But duty must be done, my friends, and so their car I follow, and see the happy joyride end in quarry, creek or hollow. My watch on all the cars I keep, my stratagems are clever; oh, some may rest and some may sleep, but I toil on forever.

June 23, 1849—At Sparta, Illinois, on June 22, 1849, occurred the death of Robert G. Shannon, one of the early emigrants to Illinois from South Carolina, who located in Randolph County in 1818. In connection with Mr. John Armour he laid out the town of Sparta.

### NEXT LEAGUE GATHERING GOES TO WHITE HALL

C. C. Grimmer of Palmyra, New Epworth League President—Convention Sessions Closed Thursday.

White Hall was selected as the next place of meeting Thursday forenoon at the business session of the convention of the Jacksonville District Epworth League. The program Thursday forenoon and afternoon was carried out as announced. The young people of Centenary M. E. church have displayed ungrudging hospitality in the entertainment of the visitors and the delegates were warm in their praise of the treatment received. "You can't state the case too strongly" said Walter E. Buck of Beardstown, the retiring president, and one of the most efficient workers in the district league. C. C. Grimmer of Palmyra is the new president. Other officers follow:

First vice president—Miss Maude Criswell, Franklin.

Second vice president—Clyde Black Ebenezer.

Third vice president—Kenyon Hyle, White Hall.

Fourth vice president—LeRoy Nifong, Modesto.

Corresponding secretary—F. N. Dickens, Beardstown.

Recording secretary—Ava Bramley, Palmyra.

Treasurer—A. C. Walter, Carrollton.

Junior league secretary—Mrs. Pearce, Manchester.

Board of control—Rev. F. A. McCarthy, Jacksonville; Rev. C. F. Juvinall, Virginia; Rev. C. S. Boyd, Carrollton, and Walter E. Buck, Beardstown.

Palmyra was the winner of the district loving cup, awarded for the best work done during the past year in all lines of Epworth League activity.

### TAX OBLIGATION ARE ALL OVERRULED

Finding Made by Judge Thompson After Hearing Evidence—Cases Involved Principally Property in Waverly Precinct.

All objections to taxes having been overruled by Judge W. E. Thomson in the county court, the tax sale will be held next Monday, June 25. The objections were made from the Burlington and the Chicago & Alton railroads and from residents of the vicinity of Waverly who were opposed to the erection of a township high school and did not believe that proper legal procedure was followed in organizing the district. All objections have been overruled and taxes must be paid.

#### Claimed Park Tax Illegal

In the tax hearing the Chicago & Alton and the Burlington were represented by W. T. Wilson, the Waverly people by W. N. Hargrove, the people by State's Attorney Robinson and A. D. Stevens of Springfield, with John M. Butler appearing on behalf of the state. The Chicago & Alton objected to the payment of \$96.90 park tax and the Burlington to \$53.30 park tax on the theory that as the city did not have a population of 50,000 there was no legal right to assess a tax at a higher rate than \$1.20 per \$100 valuation, there having been no vote of the people to authorize such a levy.

It was shown by the people that the law limiting the amount and requiring a vote of the people was void because of the deficiency in the enacting clause. The Burlington objected to \$54.66 of Waverly school tax and the individual objectors were numerous. These objections were made with the claim that the district was not organized according to law and that the levy of \$10,000 made by the board of education for building purposes was not for such purposes but was to be used as a part of a permanent fund or for the payment of bonded indebtedness. As stated above, these objections were overruled.

Co-incident with this finding W. N. Hargrove withdrew the quo warranto proceedings brought in the circuit court questioning the right of the Waverly township high school board of education to serve.

#### Some Waverly Objectors

Among the Waverly objectors were F. H. Wemple, Edward Wemple, J. A. Wemple, G. W. Carruthers, Alfred Hamilton, Henry Narr, Fred Burnett, Loreta Burnett, Everett Burnett, Harriet M. Prick, W. L. McMahan, Nettie McCormick, D. C. Irving, Fred Dennis, J. H. Scott, John Carruthers, William Carruthers, J. M. Criswell, William Miller, Roy Crim, C. W. McDivitt, Mary Pugh, Maria Magin, C. S. Magin, E. J. Dodd, John Rynders, Charles Rossman, Rette Cox, W. H. Todd, Staley Edwards, Emma Henninger, C. A. Austin, G. E. and Ella Bouliware, John Jones, Addie Jones, J. P. Jones, Mary Jones, Fred Dwyer, Herman Brown, L. B. Holmes, W. H. Jones, Roy McCracken, C. T. Alford, Keplinger Bros., B. T. Keplinger, Clay Davenport, C. H. Davenport, J. C. Turner, Joel Turner, Fred Spires, William Talkington, William McCarthy, Daniel McCarthy, J. E. Turner, Edward Schottfield, J. H. Sevier, G. W. Carruthers and W. M. Mills.

### JOSEPH ALRED KILLED BY TRAIN AT BARROW

Body of Former Resident of Roodhouse Found Early Thursday on Burlington Right of Way—Was Walking Tracks

Joseph, "Cott" Alred, a Barrow resident who recently removed from Roodhouse, was killed by a Burlington freight and his body was found on the right of way one quarter of a mile south of the depot at Barrow early Thursday morning. The body was lying on the west side of the tracks, with a gash in his head and right arm and from the position in which the man was found it was thought that he was sitting on the ties at the side of the rail and was struck by the train in passing. Alred left Barrow about 5:30 o'clock Wednesday afternoon and went to Roodhouse. He was seen at West Roodhouse just before midnight and left there for Barrow a short time before the north bound passenger train. Two freights passed thru Barrow later in the night and it was doubtless one of these that brought death to Alred. A half-emptied bottle of Jamaica ginger was found upon the body.

The corner of Greene county was notified and arrived Thursday forenoon when an inquest was returned in keeping with the facts as stated. Alred is survived by a wife and five children.

Mr. and Mrs. M. Lowenstein and son of White Hall spent the day Thursday with Mrs. S. E. Hill, of West College street.

## BUSINESS WOMEN TO HOLD CONFERENCE

To Meet in Chicago and Discuss What They can do in Times of Conflict.

Parts which women may take in solving the present and future problems arising from the war will be discussed at a national conference of business women called for July 12-14 in Chicago by the Women's Association of Commerce, Miss Florence King, president of the association, has announced that more than 250 women have pledged attendance.

"We know that when the war is over there will be gigantic problems in the solution of which women must aid," said Miss King, in explaining the objects of the convention. "Lord Northcliffe has said that but for loyal aid from the women of this country the industries of England would be paralyzed. This is the psychological moment for American business women to plan their work."

Part of the convention program calls for demonstrations of women's ability in various lines of effort and expositions of her progress and achievements. To supplement this there is being arranged a pageant which will be presented on a revolving stage at the American league baseball park under the direction of Mrs. S. Ella Wood Dean.

## RED CROSS GOAL MORE THAN HALF REACHED

Figures for War Fund Given Out in New York City

Biggest Individual Donation Received Thursday Was \$5,000,000 by the Rockefeller Foundation—New York's Total Now \$28,681,965.

New York, June 21.—Revised figures of the Red Cross war fund issued here today show that the goal aimed for through the country—\$100,000,000—is more than half reached. The total for New York City as given out officially was \$28,681,965. More than \$25,000,000 has been subscribed in other sections of the country.

The biggest individual donation received today was \$5,000,000 by the Rockefeller Foundation. Total subscriptions reported by the thirty teams campaigning here were \$6,524,000.

Red Cross contributors or dividends today included the following: International Nickel Co., \$420,000; Miami Copper company, 187,000; Anaconda Copper company, 116,625; Inspiration Consolidated Copper company, 300,000; General Electric Co., 1000,000. The largest individual contribution reported for the day was \$100,000 from Ogden L. Mills.

Chicago Total Nearly \$4,000,000. Chicago, June 21.—Chicago has subscribed close to \$4,000,000 of its \$8,000,000 allotment for the drive to raise \$100,000,000 for the Red Cross. The official figures at noon were \$3,414,133 and the estimated returns for the afternoon were \$800,000. It will require a quickening of spirit to "put over" Chicago's allotment by Monday night it was stated today. It means that about \$1,300,000 must be raised in contributions during the three remaining business days.

## REGULAR ARMY MEN BACK AT FT. SHERIDAN

Adjournment of High Schools Makes it Possible for Them to Return to Camp.

Fort Sheridan, Ill., June 21.—Twelve regular army non-commissioned officers were added to the instructors at camp by an order transferring them back to the Chicago High Schools. When the camp first opened these men were there acting as assistant instructors. All of them having seen long service in the regular army they were able to give the future officers valuable tips on how a soldier should conduct himself. They made a decided hit.

It was soon found, however, that they could not be spared from the high schools and they were sent back to their original posts. The adjournment of school now makes it possible for them to return to camp. In the absence of the "noncoms," the captains of the companies have endeavored to supply the men with the information that formerly came from them. It has been a difficult task for them for it was a physical impossibility to get around to each man individually every day. The men received the report of the order with keen delight. Exclamations of pleasure were heard on all sides when the news had filtered thru the camp. The work at the camp has been stiffened lately and is being increased from day to day. The addition of more instructors means that the men will have to work harder than ever. The only comment heard is "this is the life."

## FIVE THOUSAND WOODMEN PARADE

CHICAGO, June 21.—Five thousand Modern Woodmen of America uniformed in many colors, made a brilliant spectacle in the annual review and parade here today in connection with the order's convention. ### WINCHESTER

Mr. and Mrs. P. R. Neilson and daughter, Ploy, expect to leave early Friday morning for Washington, D. C., where they will be guests of Mr. and Mrs. Herman Ysberg.

The W. F. M. S. of the Methodist church will hold a sale of eatables Saturday at Sibert's store.

George Stewart and family left early Thursday morning for St. Louis to visit at the home of Mr. and Mrs. Len Taylor.

Mr. and Mrs. William Taylor of Virden were visitors here Thursday.

**WESTMINSTER COMMITTEE**  
Members of the Ladies' Aid Society of Westminster church met Thursday afternoon at the home of Mrs. Enley Moore on West State street. Miss Louise Capps was present and made a very interesting talk on Red Cross work. Various matters of business were given attention and the Westminster Red Cross committee was named. This committee includes Miss Katherine Barr, Mrs. R. C. Reynolds, Mrs. W. T. Roaugh, Mrs. W. C. Bradish and Miss Agnes Rogerson.

### WESTERN SIBERIA UNDER MARTIAL LAW

PETROGRAD, June 21.—Martial law has been proclaimed in Tomsk, western Siberia, because of wholesale murders and robberies, committed by criminals who had been granted amnesty and had joined the forces of the militant anarchists. More than 1,500 of these pardoned criminals have been arrested with about 800 others. Twenty persons were killed and a number wounded.

The arrests followed the exposure of a plot to plunder all the banks and shops and assassinate the leaders of civic organizations. The 800 associates of the criminals were dragged from the haunts of the latter. The casualties occurred when some resistance was offered the arrests.

## WORKERS THROG THE RED CROSS SHOP

CONFERENCE HELD THURSDAY NIGHT TO TALK OVER CAMPAIGN PLANS.

One Hundred and Three Members Secured in Hour at State Hospital—Interest Grows in County Districts.

There was real enthusiasm at the meeting at the Red Cross shop Thursday night when officers, members of the executive committee and workers met for a conference. M. F. Dunlap, chairman of Red Cross society, and E. E. Crabtree, chairman of the membership and organization committee, in brief talks presented some of the main points of the campaign and then there was a general discussion.

It was a wholly informal meeting and anybody who had a question asked it. It developed that plans are well laid for beginning the city campaign in the business district Saturday and in the remainder of Jacksonville and thruout the county Monday. This does not mean that no effort is now being made to secure memberships for various workers are busy and hundreds of names were added to the roll yesterday. Many of the new members called personally at the Red Cross shop to get their registration cards and buttons. Indications of the general interest was found at the Jacksonville State Hospital where Mayor H. J. Rodgers and Dr. W. E. Spoons went on a Red Cross trip. They were given active assistance by Dr. E. L. Hill, directing officer of the hospital and in just about an hour's time they secured 103 Red Cross members. They didn't have the time to see other employees and officers or the list would have been still larger. Mr. Rodgers and Dr. Spoons found, as other Red Cross workers are doing, that people are expecting them and almost without exception are interested and enthusiastic for the Red Cross work.

**From Outside Districts**  
A committee from Pittsfield came to the city yesterday to consult with Red Cross officers here about the plan of work to be followed in Morgan county and to get some supplies. There were also visitors from Winchester looking for supplies. The Scott county campaign is already under way and an effort is being made there to secure not only memberships but contributions to the general Red Cross fund. Judge E. P. Brockhouse and A. C. Metcalf went to Meredosia in response to a call from that town and at a general meeting of citizens explained something about the organization work. It is the expectation that a branch will be organized in Meredosia as the citizens are thoroly interested.

Residents of Lynnville telephoned in yesterday and asked that a speaker be sent for tonight. Dr. W. E. Spoons is scheduled to go and if he is prevented another speaker will be sent.

**Shop a Busy Place**  
The Red Cross shop is now one of the busiest places in the downtown district, as there are numerous clerks and secretaries serving and there is a continual stream of visitors. One man yesterday, the only one recorded, applied for a membership and at the same time said he was sorry to see so many paid workers in the headquarters. The fact is that the man is wholly uninformed, for not a single one of the officers or assistants is receiving a penny for the work done. All these men and women, boys and girls, are engaged in the work because they are interested in it and in their country and want to do their part for a cause which will mean relief for wounded soldiers of this country and of every other country engaged in the present war. As mentioned before, the headquarters have been given rent free, merchants have provided necessary furnishings and there is no charge for even the janitor service.

**Professions Committee**  
Men representing the professions of the ministry, law, medicine and education have been formed into a committee to represent the professions in the Red Cross membership campaign. This committee will work with others in the big drive for members which starts next Saturday. The members of the committee are Rev. W. W. Theobald, Rev. A. A. Thomas, Worthington, H. W. English, G. R. Bradley, W. L. Frank, H. H. Vasconcellos, W. B. Lowry and G. H. Stacy, chairman.

**CAR TOP CAUGHT ON TRACK GATE**  
Mr. and Mrs. Oliver Ham narrowly escaped injury Thursday evening while driving across the railroad tracks on East State street. The iron standard on one of the cross-gates struck the top of the car and cut the top from front to back as tho it were a knife. Mr. Ham was told that a number of boys had been playing around the tracks and had left the gate partly down. A railroad claim agent told him to have the top repaired at the company's expense.

**INVESTIGATE DEMONSTRATION**  
Lugano, Switzerland, June 21.—The federal authorities are continuing the investigation into the demonstration against former King Constantine of Greece and have received a preliminary report. The former king and his suite remained inside their hotel yesterday. They intend to leave today for Berne.

**AWARD CONTRACTS**  
Washington, June 21.—Contracts for building the national army cantonment at Rockford, Ill., were awarded today to Bates and Rogers of Chicago.

## KILLS WOMAN; DEFIES POLICE FOR HALF HOUR

School Teacher Finally Shoots Herself, Inflicting a Serious Wound in the Left Side.

Waukesha, Wis., June 21.—Mrs. David Roberts, wife of former state veterinarian, was shot and instantly killed today by Miss Grace Lusk, a teacher in the high school here. Miss Lusk then barricaded herself in the home of Miss Bianca Mills, where the shooting took place, and defied the police for half an hour after which she shot herself, inflicting a serious wound in the left side.

Mrs. Roberts had accused her of too warm friendship with her husband. Miss Lusk is in a hospital under guard.

It was said tonight Miss Lusk will recover. For half an hour after killing Mrs. Roberts, Miss Lusk stood at the head of the stairs in the boarding house with drawn revolver and held off the police and the victim's husband, Dr. Roberts. Finally, on the verge of collapse, she shot herself under the heart rather than surrender.

According to stories told by members of the family, Miss Lusk called on Mrs. Roberts on Wednesday afternoon but found her out. She left word for Mrs. Roberts to call at her boarding house this afternoon. At 3:30 o'clock today Dr. Roberts received a telephone call from Miss Lusk. He went to her boarding house where he found his wife dead in the front room and Miss Lusk at the top of the stairs with a drawn revolver.

He summoned the police. The prominence of the women involved caused such a sensation in the community that a Red Cross parade and patriotic demonstration scheduled for tonight was called off. Mrs. Roberts, it is said, attempted to induce the school board to dismiss Miss Lusk about a year ago.

## CLEARS WAY FOR ROAD'S RE-ORGANIZATION

CHICAGO, Ill., June 21.—Federal Judge Carpenter in a decision today cleared the way for the re-organization of the Chicago & Eastern Illinois railway now in the hands of a federal receiver. Judge Carpenter upheld the contention of the Central Trust company that the bonds of the Chicago and Indiana coal railway company were a lien only on the coal railway and disbarred with the claim of the Metropolitan Trust company of New York representing the coal road bond holders that their bonds were a lien over the property of the Chicago & Eastern Illinois and its after-acquired property.

## HARVESTER COMPANY SUBSCRIBES \$350,000

Chicago, June 21.—The International Harvester company has subscribed \$350,000 to the American Red Cross, according to an announcement today by Alex Legge, general manager. Of this \$165,000 has been subscribed in Chicago, \$85,000 by local branches and 200,000 rubles equivalent in normal exchange to about \$100,000 to the American Red Cross in Moscow for use in Russia.

### CAUSE FURTHER DISORDERS

Dublin, June 21.—The Sinn Feiners, who have held several demonstrations since the release of the persons arrested at the time of the uprising last year, brought about further disorders today. Some 500 of them, carrying Sinn Fein flags attacked residences of former soldiers over which Union Jacks were flying. Windows were smashed and police who came up were stoned. Eight men and five women were arrested.

### TO GIVE LOWREY A HEARING

Springfield, Ill., June 21.—Chas. A. Lowrey, suspended secretary of the state live stock commission, will be given a hearing Tuesday in Chicago on charges filed with the state civil service commission by Rudolph M. Patterson, an ousted member of the live stock board. Patterson accused Lowrey of inefficiency, insubordination, false statements and other things. The date of the hearing was announced at a meeting here this afternoon of the Illinois merit board.

### KILLS WIFE, TWO SONS AND SUICIDES

New York, June 21.—Following a quarrel with his wife, Richard Barrett, a well-known athlete of Brooklyn early today shot and killed his wife, his son, Kilton, aged 4, and a baby boy, Donald, one and one-half years old, and then committed suicide by slashing his throat with a razor and shooting himself in the head.

### CUDAHY BACK AT WORK

Chicago, June 21.—Patrick Cudahy, the packer who recently announced his retirement from business in favor of his sons, is back in harness again, it was learned today. One son has become a lieutenant in the regulars and another has joined an officers' army training camp. There was nothing left the father to do but come out of retirement to release them to duty for their country.

### TO MOBILIZE ENGINEERS

Springfield, Ill., June 21.—Company A, Illinois engineers of Chicago, will be mobilized at Fort Sheridan at once in response to an order of the war department received by Adjutant General Dickson today. The unit which is composed of 164 men and four officers will go to Rockford for a period of training. It is presumed that they will be sent to France a little later.

### EXPECT GEN. WILLE TO RESIGN

Paris, June 21.—The resignation of Gen. Ulrich Wille, commander of the Swiss army is considered certain, according to a Geneva dispatch to the Journal. His name has been mentioned in connection with the Grimm-Hoffman affair and he was among those hissed during a protest meeting at Geneva last night.

At the regular meeting of Favorite Lodge No. 376, Knights of Pythias, Thursday night the rank of Knight was conferred upon four candidates. They were Dr. F. H. Griggs, J. H. Dial, Dr. George U. Mason and Earl F. Smith.

After the work the lodge adjourned to the banquet hall where ice cream and strawberries were served.

### Aid Society Euchre at Liberty Hall

The Ladies' Aid society of the Catholic church gave a euchre Thursday evening at Liberty hall, which was greatly enjoyed by each of the guests. Mrs. Lawrence Quinlan and Miss Cecilia McDinnis were the hostesses. Mrs. Frank O'Donnell and Mrs. J. T. Roach and A. A. Renner and Cornelia Harrigan were the honor winners. This was the last euchre of the present season.

### Gave Miscellaneous Rush for Miss Mary Anderson

Mrs. Glen Large and Mrs. Walter Hellenhalt entertained a company at the home of Mrs. Large in South Main street Thursday evening in honor of Miss Mary Anderson who will become the bride of Charles McHatten June 28. The event was a miscellaneous shower and Miss Anderson was the recipient of many useful gifts. The Large home was decorated tastefully for the occasion the color scheme being red and white. A large American flag was draped in the bay window. In an interesting contest prizes were won by Miss Ruth Menendez and Miss Alice Devlin and the consolation prize was awarded to Miss May McCaffrey. Dainty refreshments were served and in the cutting of the bride's cake Miss Elizabeth Murphy got the dime and Miss Gertrude Brown the ring.

### Mr. and Mrs. Walter Carter Entertain

The ladies of number two department of the aid society of the Congregational church were most delightfully entertained yesterday afternoon at the hospitable home of Mr. and Mrs. W. W. Carter just south of the city. Mrs. W. W. Carter and Mrs. Walter Carter were the hostesses and did their part most admirably. The hours of the afternoon were happily spent in a social manner and delicious refreshments were added to the entertaining program.

### GIVES WARNING AGAINST FAKE INSPECTORS

SPRINGFIELD, Ill., June 21.—In a letter sent out today to all owners of elevators and grain depositors in Illinois, John G. Gamber, state fire marshal warns against granting permission to persons calling themselves inspectors to enter such elevators or depositors of grain unless they have proper credentials from the fire marshal's office.

"Imposters have been apprehended in this state with plans of elevators in their possession, gained by their visits as inspectors of this office," said Mr. Gamber. "It is also important that all precaution be taken in the selection of watchmen."

## GRAND JURY INDICTS GOLDMAN AND BERKMAN

NEW YORK, June 21.—Emma Goldman and Alexander Berkman called the leading anarchists of America were indicted by a federal grand jury today and held in \$25,000 bail each on charges of conspiring to induce young men to resist the conscription draft.

The indictment is based on articles signed by the defendants printed in the publications styled "Mother Earth" and the "Blast."

Their counsel complained before United States Judge Mayer that the surety companies refused to furnish bonds for all persons accused by the government of matters bearing on the war. The court said that the only kind of bail acceptable would be cash or realty. As neither of the prisoners were able to furnish the bonds they were taken back to the Tombs. Late this evening, however, Miss Goldman's lawyers produced \$25,000 in cash. She was released.

### CANADIAN BOXER ENLISTS.

St. Paul Minn., June 21.—Altho he bears fourteen bullet scars received in the earlier battles about Ypres, Charley McCarthy the Canadian boxer, former member of the "Princess Pats" was accepted today as a recruit for the first Minnesota artillery. ## STILL CHANCE TO REGISTER NAMES

County Clerk Buruff Receives New  
Instructions—Government Wishes  
to Give Young Men Every Chance.

A telegram received by County Clerk Buruff yesterday from Adjutant General Dickson indicates that persons who failed to register June 5 may still come before the registration board in their home city and county. These instructions were transmitted by the adjutant general after their receipt from Washington. The telegram sets aside instructions issued under date of June 19 whereby sheriffs, mayors, county clerks and city clerks were notified that the time for volunteer registration closed June 11. The new instructions are as follows:

"County Clerk Morgan County, Jacksonville, Ill.

The following telegram from the provost marshal general is communicated for the information and guidance of all registration boards.

Washington, D. C., June 20, 1917: Governor of Illinois, Springfield, Ill.; Number 760—Advices received here from some of the states seem to indicate a misunderstanding as to the policy to be pursued in respect to persons who for any reason did not register themselves on June 5. Paragraph 40 registrations regulations makes it the duty of the registration boards to register such persons and no instructions modifying this duty have emanated from this office. So much of section 5 of the law as defers until conviction the registration of persons who have wilfully failed to present themselves for registration or submit thereto construed as referring only the compulsory registration of persons who continue to refuse to register.

Unregistered persons may at any

time voluntarily register at the registration board in their home county and city. Persons who have thus far failed to register shall be sought out and arrested by federal state, county or municipal police and shall forthwith be given an opportunity to register. All arrests made by state, county and municipal police shall be reported to the nearest representative of the federal department of justice. Those whose failure to register is due to inattention or lack of information or of understanding shall be released as soon as they have registered, and those whose failure to register has been due to recalcitrance or wilful disobedience of the law shall be bound over for trial by the federal authorities. In view of the above, registration boards will continue to register persons who may voluntarily present themselves for registration as well as those that may be brought before them by officers of the department of justice.

Dickson, Adjutant General."

Pres. Taft says: "The Red Cross denies the privilege of service to none; there is room for all. Will you join us."

## FRANKLIN PEOPLE TO AID RED CROSS

Indications are For Enthusiastic Campaign—Sacred Heart Parish Women Have Organized.

(From Franklin Times.)  
A big whirlwind campaign for 7,500 members of the Red Cross in Morgan county is under way and will continue thru next week. Whether or not Franklin shall have a Red Cross society of its own will be decided at a big mass meeting in Olinger's hall tomorrow night to which every citizen in this community is invited. There will be short talks by leading citizens, patriotic music, and the purpose of the Red Cross will be explained.

We believe the question will be answered in the affirmative. Other towns no larger than Franklin are organizing Red Cross societies. In Waverly they are working for 500 members. We certainly can do half as well, and should do better than that.

It is hoped young ladies of the community will volunteer to act as a soliciting committee for members and possibly headquarters will be opened at the bank where some member of the committee will be on duty daily to receive applicants. Daughters of soldiers should all be interested.

Sons and daughters of old soldiers and all others who will be requested to meet at the hall tomorrow afternoon at 2 o'clock and decorate it with the hall flags and bunting, all you have and can borrow.

We don't want neighboring towns pointing their fingers at Franklin and accusing us of being "slackers" on Red Cross work. Let's do our part. Everybody come to the big meeting tomorrow night.

An auxiliary of the Red Cross was formed Sunday by women of the Sacred Heart Parish. The following officers were chosen:

Chairman—Mrs. Dan Gallagher.  
Secretary—Miss Sadie Murphy.  
Treasurer—Miss Katie Whalen.  
Executive committee—Mrs. A. A. Lukeman, Miss Murphy, Miss Whalen and Miss Emma Shanley.

It is hoped that all ladies of the congregation will become active members of the organization. Application may be made to any of the committee. Different lines of work will be considered and the active making of articles for Red Cross work will begin at once.

## RED CROSS SUB-STATIONS

The following Red Cross sub-stations have been designated by the membership committee. You can join the Red Cross society at any of these stations Saturday and during succeeding days. A young lady, wearing a Red Cross uniform will be found at each of the stations ready to issue membership cards and buttons:

## ILLINOIS MEDICAL SOCIETY MET HERE

Colored Physicians and Surgeons of State Held Annual Convention in City—New Officers Named

The Illinois State Medical association, of which well known colored physicians and surgeons of the state are members, has concluded the third annual session in this city. It was determined that the next annual meeting also shall be held in this city at the Home Sanitarium on the third Monday in June 1918. The officers elected for the year were as follows:

President—Dr. A. H. Kenniebrew, Jacksonville.  
First vice president—Dr. J. W. McClelland, St. Louis.  
Second vice president—Dr. J. H. Rashels, Danville.  
Third vice president—Dr. E. A. Williams, Lovejoy.  
Secretary—Dr. E. Gray Covington, Bloomington.  
Treasurer—Dr. Robert H. Beverly, Jacksonville.  
Representative to national convention, Philadelphia, Pa., Aug. 18-25, —A. H. Kenniebrew, surgeon.  
Executive board—Dr. P. M. Santos, Springfield; Dr. James Ellis, Decatur; Dr. H. E. Rowan, Champaign; Dr. W. D. Cook, Peoria; Dr. L. B. Bluit, East St. Louis; Dr. H. J. Nichols, Quincy; Dr. G. L. Samuels, Alton.

Most of the physicians in attendance at the convention were here Sunday and the visitors were asked to occupy the pulpits of the colored churches and make talks on health, sanitation and right living. The clinical work began Monday at the Home Sanitarium and was conducted by various congregations.

Monday at 7 a. m., at the Home Sanitarium, clinical work began, the following surgeons conducting: L. B. Bluit of East St. Louis; J. W. McClelland of St. Louis; A. H. Kenniebrew of Jacksonville, assisted by Drs. S. A. Ware of Springfield, E. A. Williams of Lovejoy, James Ellis of Decatur, Dr. R. H. Beverly of Jacksonville, Anaethetist.  
Dr. Kenniebrew, assisted by Dr. Ware and Dr. Beverly, operated on Major Otis B. Duncan of Springfield, commanding the second battalion of the 8th infantry Illinois national guard. This operation was the result of an ailment which developed while Major Duncan was serving on the Mexican border months ago. Another operation was that by Dr. J. W. McClelland assisted by Dr. L. B. Bluit. After watching the work of Dr. McClelland and listening to his explanations, members of the society elected him to life membership. Demonstrations were given by Dr. J. H. Rachel of Danville and Dr. Beverly of this city demonstrated the ardiroscope and gave a lecture on blood pressure.

In the afternoon the visitors made a visit of inspection to the Home Sanitarium and found the equipment to be of the most modern kind. The sanitarium is unique in that every person connected with it is colored, and this is said to be the only institution of the kind operated in this country. One of the interesting cases brought to the attention of the visitors was that of Miss Miller of Decatur, who last October fell and broke her arm at the shoulder and elbow joints. Proper surgical care was not given at that time and five weeks ago the patient was brought here and another operation performed.

At Tuesday's session the clinics were conducted by Dr. Ware of Springfield, Dr. Covington of Bloomington, Dr. Williams of Lovejoy and Dr. Santos of Springfield. In the evening the physicians and their wives were entertained at the sanitarium by Miss VanFranklin, the head nurse. The records of the meeting were furnished the press by Dr. E. G. Covington, secretary.

Jacksonville Council No. 5, R. & S. M. will hold a stated assembly Friday evening. Please attend.

## FOREIGN CREDITS ARE OF VITAL IMPORTANCE

Speaker at Convention of Credit Men in Kansas City Gives Fundamental Reasons Why This Subject Should be Uppermost in Public Mind—Must Organize Facilities.

(Extracts from an address delivered by Edward Ewing Pratt, Chief of the Bureau of Foreign and Domestic Commerce, Department of Commerce, before the annual convention of the National Association of Credit Men at Kansas City, Missouri, Thursday morning, June 21.)

There are three fundamental reasons why the subject of foreign credits should be uppermost in our minds today: first, the tremendous growth of our foreign markets, enormous destruction of capital now taking place which for many years to come will put a burden on the credit structure of world trade, and third, the fact that in this greatest and most desperate war of all history, the nations with which we are co-operating are anxious to conserve their limited supplies of gold, while many neutral nations from whom they and we are drawing supplies are either unable or unwilling to continue to furnish these supplies on the basis of future payment.

These three causes of our intense interest in foreign trade, appearing to us daily in the form of an unending mass of details with conditions bound to grow worse before they grow better, are destined to tax to the utmost our powers of wise decision.

The ways and means by which these various and grave demands are to be met, now that we have made the decision to meet them, rests largely on the gray matter of the credit man—from the foreign credit expert of the small export firm, to the president of the biggest banks and the highest officers of the Treasury Department.

We know from the limited amount of news that trickles thru from the Central Powers that very ambitious plans are being made to dominate the world's trade after the war. A speaker at an Austrian meeting of invited manufacturers is quoted as stating that plans have been perfected whereby after the war 120,000,000 people, the total population of Germany and Austria-Hungary, will buy their supplies from the rest of the world as a unit. We know that the various industries of Germany have been more and more consolidated into co-operating groups until virtually all German industry has united as one organic producing and selling agency backed with the full power of great German banks and the organization of the German Government.

One of the most important and effective steps that the Entente Powers and this country can take, not only to meet this trade colossus but to more effectively promote the commercial ideas for which we stand and to serve the interests of the less developed countries with which we trade, is to so organize our facilities for extending credit that never in the future shall smaller and weaker countries be forced to depend upon a power so dangerous to their freedom.

America's opportunity in this great times of stress and sacrifice is to render every service in her power to those less fortunate and less able than herself, to facilitate the way of those who come to us with their orders, to extend her economic and industrial resources as well as her military power to those who need and merit them.

At the present moment, I can assure you with all our faults and failings, there stands no nation more universally trusted and more generally liked by the people of the many countries of the world, than our own America. Wherever you go that you can go, you will be welcomed because you are an American. Even our enemies assail us no longer by directly attacking our ideals and our aims, but only by insinuation and allegations of insincerity. There exists for American industry and American trade a wonderful, world wide goodwill. You know how valuable an asset it is. By mobilizing and directing our vast credit resources to the use of those who need them, it lies in your hands, as Credit Men, to maintain and extend it.

## CHICAGO POLICE CAPTAIN WINS RANK OF MAJOR

Albert Denman Wins Washington to Hold Commission Until End of Training—Mayor Rodgers Has Application Blanks.

From Police Officer to Major, U. S. R., is the story of the military career of Albert Denman, formerly captain and leader of Chicago's Mounted Squad of the police department.

Just a few days ago Denman was a rookie at the Fort Sheridan Training Camp for officers. Then came a cryptic telegram, just three lines, from the War Department.

It was a typical military wire, short, but brimming full of valuable information. In a true business-like way it informed the recipient that he had passed all examinations for a major's commission in the cavalry. That his commission was ready at that very moment, was being held because eight captains had to be appointed first, but the message added that if he so desired it would be forwarded immediately and he then would be on Uncle Sam's ever-increasing pay roll with the rank of major.

"Hold commission until termination of three month's course here. Instruction here invaluable," he wired back.

So Officer Denman will soon be Major Denman, U. S. R. He is one of Chicago's best known policemen. Admired by thousands, he has led nearly all parades along Michigan boulevard for a number of years. Mounted on "Betsy," his faithful brown horse, his appearance always called for comment. Tall, broad-shouldered, with a luxurious moustache, he was called Chicago's handsomest policeman.

Now, the government is planning to make more majors and captains and lieutenants and is getting ready for the second and last series of Officers' Reserve Training Camp to be held in the southern states, starting August 27th.

The call from the War Department is for more men like Denman—older men who possess that executive ability, that force of character, and that solid experience that comes only with years.

The purpose of the new training camp is to fill the more responsible positions in the new national army.

Application Blanks Here Now  
Application blanks for admission to the second camp have just been received by Mayor Rodgers, who is in charge of the local Officers' Recruiting Headquarters. Applications will be received up to July 15th. No one will be considered after that date.

Regarding the question of the age limit, Mayor Rodgers makes the following announcement: "The minimum age limit for all applicants is twenty years and nine months. However, in order to obtain the experienced class of men desired, preference will be given to men over thirty-one years of age, other things being equal, because of the anticipated large number of applications it will probably be difficult for men under that age to qualify except in instances where the applicant has pre-eminent qualifications or unusual military experience. The maximum age is 44 years, but men with special military experience may apply up to 50 years of age."

## MEXICAN PEOPLE OBSERVED HOLIDAY

Semi-Centennial of Diaz Victory of June 21, 1867—Ended a Long War of Invasion.

City of Mexico, June 21—A national holiday in celebration of the semi-centennial of the taking of the City of Mexico by the forces of Porfirio Diaz, June 21, 1867, which event virtually ended the long war of the Napoleonic invasion and the re-establishment of the republic, was observed enthusiastically today in the capital and elsewhere thruout Mexico. Twenty-one guns fired at the artillery barracks and the hoisting of the national flag over all public buildings at daybreak ushered in the celebration. The decorations of business houses and residences were on an unusually elaborate scale, and large crowds were congregated in the parks to watch the band concerts. President Carranza and other high officials of the government held a public reception. Another feature of the day was a great parade and civic meeting under the auspices of the various patriotic societies.

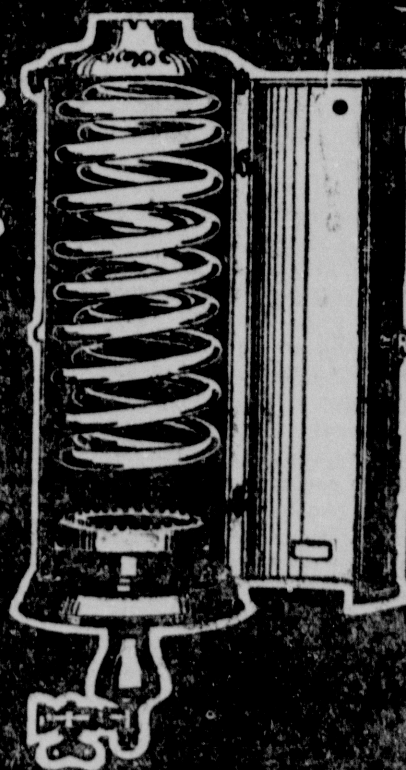

It was on this date in 1867 that the army of Mexican patriots took possession of the City of Mexico and re-established the republic with Benito Juarez as provisional president. Two days before the ex-Emperor Maximilian and his chief lieutenants, after trial by court-martial, had been executed at Queretaro. After all the other strongholds of the imperialists had fallen into the hands of the Republican forces, the City of Mexico had continued to hold out, defended by Count von Khevenhuller, in command of Hungarian veterans. General Diaz had maintained a siege for more than two months. Upon the receipt of the news of the execution of Maximilian the defenders of the capital realized that no hope remained for the imperial cause, and negotiations were opened for the surrender of the city.

## CORN MEAL AND WATER

NOT A PRESERVATIVE

Washington, D. C., June 21.—There is no corn meal and water preservative for vegetables. A report to this effect recently published and credited to the United States Department of Agriculture, probably originated from the fact that a mixture of corn meal and water had been used by a department specialist to start the lactic-acid ferment in cut potatoes put up for feed in the form of silage. This starter has been used in the case of vegetables fermented for food but it is not the preserving ferment, the specialists explain; it only starts the ferment. It is not recommended for household use, however. The same purpose is better served, as recently announced in connection with the fermentation process of preserving vegetables for food, by the addition of a small amount of vinegar which keeps injurious bacteria down while the natural lactic-acid ferment starts.

BAGBY OUTPITCHES CICCOTTE IN  
DUEL.

Naps Win Game in First Inning—  
Chapman Singles and Goes to  
Third on Speaker's Hit—Smith  
Forced Speaker and Chapman  
Scores Only Run of Game.

Chicago, June 21.—Bagby out-  
pitched Cicotte in a pitching duel to-  
day and Cleveland shutout Chicago  
1 to 0. The visitors won the game  
in the first inning. After one man  
was out Chapman singled and went  
to third on Speaker's hit. Smith  
then forced Speaker and Chapman  
scored the only run of the game.  
Chicago's only opportunity to score  
was vanquished by a perfect throw  
to the plate by Graney. After two  
were out in the first inning E. Col-  
lins doubled and tried to score on  
Jackson's single, but Graney's throw  
to home beat him. Bagby allowed  
only three hits, and not a Chicagoan  
reached second base after the initial  
inning. The support behind the  
Cleveland pitcher was faultless.

## WHY SUFFER SO?

Why suffer from a bad back, from  
sharp, shooting twinges, headaches,  
dizziness and distressing urinary ills?  
Jacksonville people recommend Doan's  
Kidney Pills. Could you ask for  
stronger proof of merit?

Mrs. Katherine Osterholt, 333 W.  
North St., Jacksonville, says: "My  
rest at night was badly broken on ac-  
count of severe pains in my back. I  
actually could not get into a position  
where I could lie in comfort. The kid-  
ney secretions were unnatural and I  
had such bad headaches that little  
specks seemed to float before my  
eyes. I used several boxes of Doan's  
Kidney Pills and they cured me of  
the trouble. The cure has been per-  
manent, as I have never had any re-  
turn of it."

## Lovely White Skin!

Strain lemon juice well before  
mixing and massage face,  
neck, arms, hands.

By all means, girls, prepare to  
on lotion to keep your skin flexible  
and young looking. You will soon  
realize that true loveliness does not  
mean the powdery look or waxen col-  
orlessness of some hot-house flower,  
but is typified by the velvety soft-  
ness of your skin, your peach-like  
complexion and rosy-white hands.

At the cost of a small jar of ordi-  
nary cold cream one can prepare a  
full quart pint of the most wonder-  
ful lemon skin softener and complexion-  
beautifier by squeezing the juice of  
two fresh lemons into a bottle con-  
taining three ounces of orchard  
white. Care should be taken to  
strain the juice through a fine cloth  
so no lemon pulp gets in, then this  
lotion will keep fresh for months.  
Every woman knows that lemon  
juice is used to bleach and remove  
such blemishes as freckles, sallowness  
and tan, and is the ideal skin  
softener, smoothener and beautifier.

Just try it! Get three ounces of  
orchard white at any pharmacy and  
two lemons from the grocer  
and make up a quart pint of this  
sweetly fragrant lotion and massage  
it daily into the face, neck, arms and  
hands. It should naturally help to  
whiten, soften, freshen and bring out  
the roses and hidden beauty of any  
skin. It is simply marvelous to  
smoothen rough, red hands.—Adv.

Pittsburgh, June 21.—Chicago  
easily won from Pittsburgh today  
12 to 4. Miller and Grimes were  
ineffective, Miller being hit for five  
runs in the first two innings. Poor  
support, however, was a factor in  
this scoring. Grimes held the op-  
posing side until the seventh in-  
ning when they tallied four runs on  
two singles and three triples.

Philadelphia, June 21.—Brooklyn  
bunched hits off Alexander in the  
second and third innings and won  
today's game 4 to 2. Marquard was  
effective, except in one inning and  
then a fine running stop by Cutshaw  
and a great running catch by Hick-

St. Louis, June 21.—St. Louis  
could do nothing with Tony today  
and Cincinnati won 7 to 1. St. Louis  
score was the result of a home run  
by Cruise in the second. After this  
inning only three players got beyond  
first base.

Manager Huggins was put off the  
field by Umpire Byron for protesting  
a decision on balls and strikes made  
on Baird in the seventh and a  
moment later Betzel was ordered  
to leave the field. A crowd of about  
300 waited outside the park for  
Byron after the game and it was

#### FARM PROPERTY

We sold one of Morgan County's best farms last Friday and made everybody happy—even the Real Estate man. YOU'RE NEXT.

Three miles from one of the best towns in Morgan County, we have to offer an 80 acre farm, all of which is timber soil and one-third rolling with some timber. The balance is good farming land in high state of cultivation and well fenced.

The improvements are all first class, house of five rooms, cellar, cistern and everything most conveniently arranged. A number one barn with granaries, sheds, cribs and everything needed for a farm of its size. This farm was owned and occupied by one man for many years and he prided himself in caring for it. Listen! Only \$100 per acre. Yes, I can go this afternoon. Be ready at 1 o'clock.

Two hundred and forty (240) acres, level to rolling timber soil partly in grain crops, with the balance in timothy-meadow, clover, or blue grass. There is a first rate set of improvements consisting of a 7 room house, with furnace, lights and bath room, a good barn for 12 head of horses, garage, implement shed, cattle sheds, etc. Farm well watered from springs and wind-mill. This is a noted stock and grain farm and can be had for \$125 per acre. Or might exchange for a smaller farm. Here is a chance for you.

#### CITY PROPERTY

In second ward we have a nice three room house with front and back porch; cellar, cistern and well. A nice little home for \$1,000. Possession August first.

In the third ward we have a nifty five room cottage on paved street near the carline. Modern throughout and in first class condition for \$2,500. This is what you have been looking for.

#### MONEY

Don't become alarmed when Two Billion is loaned to Uncle Sam. Much of this money will never leave the bank where it is deposited by the purchaser of the bond. To illustrate: Say a local bank is a government depository and a local factory has a government contract. This factory buys local raw material and hires local help. Money for material and labor is deposited in the local bank. See? We have \$75,000 on hand to lend on Real Estate Security and are anxious to lend it. Tell us what you need.

### TERM WOMEN'S REGIMENT "COMMAND OF DEATH"

Russ War Minister to Review  
Woman Soldiers

Associated Press Correspondent Visits  
Barracks in Torgaya Street—  
Apply Rigid System of Discipline  
of the Pre-Revolutionary Army.

Petrograd, June 21.—"The command of death," which is the official title of the women's regiment raised by the twice wounded girl officer Vera Butchikareff will be reviewed today by Minister of War Kerensky. The regiment will have its first public parade on Sunday and will leave in a fortnight for the front, probably for the Minsk sector.

The Associated Press correspondent who visited the barracks in Torgaya street found posted at the gate a little blue-eyed sentry in a soldier's khaki blouse, short breeches, green forage cap, ordinary woman's black stockings and neat shoes. The sentry was Marya Skrydloff, daughter of Admiral Skrydloff, former commander of the Baltic fleet and minister of marine. Inside there were four large dormitories, the beds with out bedding and strewn with heavy soldiers' overcoats. In the courtyard 300 girls were at drill, mostly between 18 and 25 years of age, of good physique and many of them pretty. They wore their hair short or had their heads entirely shaved. They were drilling under the instruction of a male sergeant of the Volynsky regiment and marched to an exaggerated goose step.

Commander Lieutenant Butchikareff explained that most of the recruits were from the higher educational academies or secondary schools with a few peasants, factory girls and servants. Some married women were accepted but none who had children. The girl commander said:

"We apply the rigid system of discipline of the pre-revolutionary army rejecting the new principle of soldier self-government. Having no time to inure the girls gradually to hardship, we impose a Spartan regime from the first. They sleep on boards without bed clothes, thus immediately eliminating the weak. The smallest breach of discipline is punished by expulsion in disgrace."

Asked as to the attitude of the male army, Commander Butchikareff said that only the Volynsky regiment which led the Petrograd revolution was really favorable.

The regimental clerk is Madame Barbara Rukovichkoff, editor of the weekly Woman and Economy and author of some admirable short stories. She said that Mme. Kerensky intended to join the regiment not as a soldier but as a sister of mercy.

Pinkham's Vegetable  
Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

Mrs. ETTA DORRIS, Ogdensburg, Wis.

Physicians undoubtedly did their best, but with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old-fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

### For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills," Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head aches, aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills.

They strengthen the weak, ailing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

J. A. Obermeyer

### Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Annie." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Kidney Pills so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Mrs. Wm. Keller.

NOTE: This "Annie" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "Annie" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Annie" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists the body to make rich, red blood, which feeds the heart, nerves, brain and organs of the body. You feel clean, strong and strenuous.

### TO CAN FOOD WITH THE HOME UTENSILS

Adults and Children Easily Can Put Up Fruits and Vegetables by Method Taught in the Northern and Western States

#### Can Surplus Food But Use Jars and Cans Wisely

Don't have an empty preserving jar in your home next fall. There may be some difficulty in securing cans and preserving jars.

Reserve regular tight-sealing containers for vegetables, concentrated soups, meats, and fish.

Concentrate products so that each jar or can will hold as much food and as little water as possible.

Put up jams, jellies and preserves in glasses sealed with cork or paper and paraffin. Pack fruit juices in ordinary bottles.

Don't can anything that can be kept just as well dried or in other forms. Dry navy and mature Lima beans for winter use.

Produce in your garden lots of cabbage, potatoes, and root crops that can be kept for the winter without canning.—U. S. Department of Agriculture.

Washington, D. C., June 21.—Don't let valuable surplus fruits and vegetables go to waste. Adults and children in a very few hours, with little other home equipment than a wash boiler and cans and jars, can preserve much perishable food for next winter's use. Succulent vegetables and fruits are important to health the year round. See that your table is supplied.

The simple one-period cold-pack method is that taught by the U. S. Department of Agriculture for the boys and girls of the canning clubs in the Northern and Western States. With this method thousands of boys and girls each season put up vast quantities of fruits and vegetables. With this method practically every vegetable and fruit grown in this section can be canned.

The wash-boiler method described below is entirely effective. Those who desire may purchase home-size water seal, steam pressure or pressure cooker canning outfits which save time and fuel.

#### Preliminary Preparation for Canning

Provide a false bottom of wooden lattice work, cross pieces of wood, or coarse wire netting for your clean wash boiler or other large, deep vessel to be used for sterilizing.

Fill the vessel with clean water so that the boiling water will cover the tops of the jars or cans. Begin heating the water so that it will be boiling violently by the time the containers are packed.

See that all cans or jars are in good condition and absolutely clean. Scald them thoroughly. Use new rubber rings and scald them just before putting them on the jars.

Start with clean hands, clean utensils, and clean, sound fresh products.

Throw out all vegetables and fruits which are withered or unsound. Wash out all grit and dirt. If possible, use only fruits and vegetables picked the same day and never can peas and corn picked more than five hours.

Prepare fruits and large-sized vegetables for blanching. Remove all spots from apples.

Prepare beans and greens as for cooking. Be especially careful to remove all foreign plants from the greens.

Blanch vegetables and all fruits except berries by leaving them from 3 to 5 minutes in clean boiling water.

Remove the blanched products from the boiling water and plunge them quickly into cold water, the colder the better. Take them out immediately and let them drain. Don't let them soak in the cold water.

From this point on, speed is highly important. The blanched vegetables and fruits, which are slightly warm, must not be allowed to remain out of the jars a moment longer than is necessary.

Remove skins when required, and as each article is pared cut it up into proper size and pack directly into the clean, scalded cans or jars.

Pack as solid as possible, being careful not to bruise or mash soft products.

In the case of fruit, fill the containers at once with boiling hot sirup.

In the case of fruit, fill the containers at once with boiling hot water to which a little salt has been added.

Place scalded rubber rings on the glass jars and screw down the tops.

Seal tin cans completely. Watch them for leaks. As the preliminary treatment has taken care of expansion it is not necessary to exhaust the cans.

#### How to Sterilize or Process

Put the jars or cans as soon as possible into boiling water in a wash boiler or into your canning device. Let them process for the time specified in the table, counting from the time the water begins to boil again, or the gauge on the canning outfit registers the proper pressure.

Time schedule given is based upon the one quart pack and upon fresh picked products.

When processing fruits in steam pressure canners, not over 5 pounds of steam pressure should be used.

When processing vegetables and meats do not use over 15 pounds of pressure.

After processing, remove the containers.

Tighten the tops of jars immediately and stand the containers upside down in a cool place, being careful that no draft strikes the hot jars. Watch for leakage and screw covers down tighter when necessary. Store in a cool, dry place, not exposed to freezing temperature.

Use band labels for cans, being careful not to let the glue get on the can itself as it may cause rust.

From time to time, especially in very hot weather, examine jars and cans, making certain that here are no leaks, swellings or other signs of fermentation.

There will be no spoilage if the directions are followed implicitly, and the containers are sealed up tight.

Vegetables, meats and fish, however, can not be kept safely unless they are hermetically sealed. Reserve regular jars for products that can not be packed in other ways.

As there may be some difficulty in securing cans and jars, dry or keep in other ways everything that need not be canned.

Literberry Woman Says  
She's Glad to Offer  
Tanlac Praise

Mrs. Abbie Berry, wife of a prominent farmer residing at Literberry, Ill., near here, is among the latest of local residents to offer praise for Tanlac, the celebrated new medicine. "For years I have suffered 'off and on' from stomach trouble," Mrs. Berry told the Tanlac Man on June 16. "My liver, also, would become sluggish, at times. None of the food I ate seemed to agree with me as I usually felt bloated and had severe pains in my stomach following meals. I was very nervous, too. In fact, my system generally was all run down."

"I realized that I must get something to relieve my troubles and as Tanlac was so highly recommended I decided to try the new medicine. Was it a lucky decision? Well, I should say so. My stomach seems to be in fine condition now. The pains in my stomach and bloating do not follow my meals any more. My liver is working properly now, also. I'm not nearly so nervous, either. Tanlac has greatly benefited me and I'm only too willing to let others know of my experience with the 'Master Medicine.'"

Tanlac is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like.

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brokback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis', and in Pittsfield at J. H. ## EDUCATION BUREAU IN NEW QUARTERS

Military Activities in Washington Make Some Department Changes Necessary.

Washington, D. C., June 22.—With the expansion of the military activities of the Government, considerable readjustment of the housing facilities of the Government departments in Washington has been necessary. One of the Government establishments affected is the Bureau of Education, which has moved from its old quarters, long outgrown, to the Pension Office Building, taking quarters formerly occupied by the Indian Office, also of the Interior Department.

In its new quarters the Bureau will carry on its regular work of investigating and promoting education throughout the States and will also undertake a number of additional tasks relating to the war. Practically every division in the Bureau is performing some type of war service, independently, in co-operation with States departments of education, or in co-operation with the Advisory Committee of the Council of National Defense.

During the past few years the Bureau has installed addressing and duplicating equipment of the most efficient type, and has been able to get in direct and frequent communication with all state, city and county superintendents of schools; principals of elementary schools; public high schools and private secondary schools; secretaries of boards of education; and colleges, universities and educational institutions of every grade. This service has gone on almost uninterruptedly, regardless of moving and has been especially useful in the war crisis. Teachers all over the country have been urged to lead in the gardening movement that forms so important a part of America's preparedness service; schools and colleges have been helped in their efforts to give special prominence in their commencement exercises to the underlying causes of the war; college and university officers have been kept informed of war-time developments affecting their students; and boys and girls approaching high school or college age have been shown the desirability from the patriotic point of view of continuing their educational work up to the point where they will be of the greatest aid to the Nation.

It is not yet known whether or not the present move of the Bureau of Education is permanent. With the transfer of other bureaus of the Interior Department to the new Interior Department Building, it had been Secretary Lane's plan to have the Bureau of Education occupy a larger part of its old building. It is possible that the Bureau may return to this plan, or that a special education building will be asked for. The establishment of the Federal Board for Vocational Education, as provided by the 1917 Vocational Education Act, and the other expanding activities of the Federal Government in behalf of education, together with the increased use by the States of Federal educational facilities, have shown the need for centralization and consolidation of the Government's educational work.

## MURRAYVILLE

Walter Lawson is doing farm work for A. T. Story this week. Joe Hagan and family and Miss Zula Worrall spent Monday evening with the former's parents. Miss Thelma Dunnaway spent Friday with Miss Bird Blimling. Mrs. Thos. Story and daughter, Miss Ada, called on Mrs. Lynn Crouse Monday afternoon.

Earl Little and family of Chapin, Estelle Leih, Nellie and Arthur Spindman of Exeter, motored over to spend Sunday with Thos. Story and family.

Mr. and Mrs. Lorton, Harry Lorton and Harry Muntz of Drake were entertained at the home of the former's son, Clarence Lorton and family.

Mrs. Taylor Wilds spent Monday afternoon in Murrayville.

Joe Hagan is rebuilding the sheds on his farm that were recently destroyed by a severe wind storm.

## YOUNGBLOOD

Perry Cowgour of Jacksonville spent Friday night here with his cousin, B. F. Jones.

William Daugherty and A. O. Wilson were transacting business in Jacksonville Friday.

Marion Cline moved to C. P. Story's tenant house Monday and Richard Wilkins is occupying the T. B. Smith house recently vacated.

Children's day exercises will be held at the Youngblood Baptist church next Sunday afternoon at 2 o'clock.

The Thompson Funeral association of Murrayville is making its 6th assessment in fourteen years, to be paid by July 2.

Quite a number of the farmers in this vicinity finished planting corn and started plowing this week. C. P. Story and Gus Henry have had lightning rods installed on their barns this week.

The frost of Saturday morning was regarded a strange phenomenon by many of the older residents of the county as they have no recollection of ever seeing such a frost in June.

Fred Daugherty, son of William Daugherty, came home Saturday after an absence of some years.

Messrs. Strawn and Spink made a business trip to Mercedosa yesterday. They found a great deal of land yet under water and much also that was too wet to cultivate. Much corn is being replanted and some looks very well.

## HIGH PRICES FOR LIVE STOCK STILL RULING

Indications are That Most of Fat Cattle have been Shipped—Stock from grass bringing Lower Figures.

In reviewing the cattle market for the first three days of this week Alexander, Ward & Conover of Chicago have the following to say:

Monday opened up with 22,638. Choice grades steady, good to pretty good 10c lower, others from 15c to 25c. The supply was very heavy of half-fat and common cattle, butcher stuff and stockers. Tuesday very few corn-fed cattle in the arrivals. Wednesday's receipts estimated 14,000, market strong, active on fat corn-fed cattle, anywhere from 10c to 25c higher. Bulk 15c higher. Yearlings have been in very short supply and sold higher.

The supply of desirable fat corn-fed cattle show sharp decrease from last week and it begins to look very much as the our heavy runs of corn-fed cattle were pretty well in for this season. We believe receipts of fat kind will gradually decrease during the summer months and we look for the demand to continue good for cattle that are well fattened through the summer and to sell at high prices, but the grass stuff are \$1.00 lower and can have still greater decline.

Butcher market—Good to choice cows and heifers 25c to 35c lower, medium and common cows and heifers 35c to 60c lower. Canners 50c lower. Bologna bulls also common bulls 50c to 75c lower. Good to choice hogs 25c to 35c lower. Calves 50c higher. Top vealers \$15.75. This break is on the medium and common grades of grass stuff we get about this time every year. We do not look for this kind to sell much better but the good to choice butcher stuff will sell good right along.

Hogs—Hog receipts for the first three days this week are about 5000 more than the same time last week. Prices have been strong and higher. Prime hogs sold at \$16.17 1-2 or 32 1-2c higher than a week ago. Grass light mixed are selling at a big discount. We look for fair receipts and do not expect much change in prices.

Sheep and lambs—Sheep were steady today. Lambs 10c to 15c higher, all kinds in good demand. Good to choice spring lambs sold \$18.00 to 18.75, ewes \$9.75 to \$10.25. Breeding ewes, \$10.50 to \$11.50. Bucks, \$8.00 to \$8.50. Clipped lambs \$15.00 to \$16.25. Market strong for the near future.

## STATE STREET WOMEN WORK FOR RED CROSS

Box of Clothing Sent to France—Committee Named to Aid in Local Campaign.

Mrs. C. A. Barnes, Mrs. William Flord'h and Mrs. W. D. Doying were named as the committee from State Street Presbyterian church to cooperate in the Red Cross campaign at a mass meeting Thursday.

The ladies gathered at the church and devoted the entire day Thursday to Red Cross work. The ladies made thirteen Red Cross flags and cut eighty yards of outing cloth for pajamas.

During the morning an interesting talk was made by Mrs. Destremsky. The lady has been in France and she told some interesting things of conditions among the soldiers and citizens of France in the war zone. She also wrote a number of letters in French which were sent with a box which the ladies had prepared. The box which was sent contained the following articles: Twenty-four pairs of men's wool socks, 6 pairs children's hose, 18 black sateen dresses for children, 6 pillows, 3 men's overcoats, 1 boy's suit, 12 wool union suits, 10 infants' undershirts, 5 wool sweaters, 6 children's coats, 8 children's caps, 5 wool shawls, 4 ladies' coats, 3 suits all wool underwear, 2 caps and scarfs.

## AT NORTHMINSTER.

The ladies of Northminster church had a double bill at the church community rooms yesterday afternoon. First the missionary meeting had their program and after that the ladies' aid furnished nice refreshments for all. A very pleasant time was enjoyed by all present and there was a good attendance.

Mrs. Ralph Goltra of Orleans was a city caller yesterday.

## CHAPIN

Weather fine; crops looking fairly good. A shower would do no harm.

C. E. Drake is engaged in putting up alfalfa hay this week. Henry Werris journeyed to Jacksonville Wednesday and accompanied his wife home from the hospital much improved.

Miss Nellie Callaway is spending her vacation with her parents, Mr. and Mrs. L. H. Callaway and family. She is in training for nurse at the Macon County hospital. She was accompanied by her grandmother, Mrs. S. Hagaman who is known as mother of the hospital and was seriously injured about a year ago. At present she is as well as ever and is a remarkable woman.

A number of farmers are harvesting the May cherry crop which is excellent.

Frank Callaway and sister Nellie were entertained at the home of Miss Sarah Deitrich Tuesday evening.

Frank Anderson is attending the mail on R. R. No. 1 during the absence of W. W. Woodward, the regular carrier, who is taking his vacation in Chicago, going by auto.

French and Eva Anderson entertained Frank and Everett Callaway and sister Nellie, Wednesday evening.

J. B. Corington of the vicinity of Alexander is busy putting up his first cutting of alfalfa. The yield is fairly good and the weather has been excellent for saving the hay.

## "JEFFERY SIX" UNDERPRICED

Our present low price on this car is due only to the fact that the present stock of raw materials were purchased over a year ago. The truth of the matter is that the Jeffery Six was underpriced in 1916 when the present price of \$1,465 was fixed. Now with forty-five manufacturers who have made advances, and in the face of raises which must inevitably follow in the near future, the Jeffery Six represents value that cannot be secured under \$1,700. # A Wired House Now Is Within the Reach of All

No matter how small and inexpensive your home, you can give yourself all the conveniences and comforts of the most costly residences at surprisingly small cost. You can wire a single room if you wish—your living room for the convenience of electric light, your kitchen for the use of labor saving household helps, or any room you may designate.

There are thousands of low-priced three and four-room cottages in this country wired for electricity—Electric light costs but one-tenth what it did twenty-five years ago—Need YOU deny yourself this greatest of all comforts?

## Investigate the Very Favorable Rates and Terms that We are Making Now During Our House Wiring Campaign.

Don't take up your rugs nor move your furniture to have your house wired. Our electricians are neat and gentlemanly and they know how to work without dust, dirt, noise or confusion. In no case is it necessary to take the furniture out of a room or cover up the pictures and bric-a-brac. You hear the saw and hammer when a piece of closet or attic is being moved but that is all. The small chunks of plaster from the tiny holes where the wires go through are caught as they fall. When the job is finished not a trace remains but the dainty fixtures, switches and receptacles and the wonderful convenience of electricity.

Phone us and we will send a competent man to go over your premises, find out your needs and submit estimate.
